Professional Profile

I am a highly motivated systems student with a strong technical background. I am passionate about continuous learning and personal improvement. Although I do not have formal work experience in programming, I have developed my own projects that have strengthened my practical skills. I currently work in a plastic packaging production factory. Additionally, I have diverse work experience in different fields, which has allowed me to develop a strong work ethic, teamwork skills, and excellent interpersonal relationships. Furthermore, I am improving my English to expand my professional opportunities.

SKILLS: TEAMWORK || RESPONSIBILITY || ADAPTABILITY || EFFECTIVE COMMUNICATION || PROBLEM SOLVING

Professional Objectives

My goal is to enter the technology field as a programmer, where I can apply and expand my knowledge in challenging and collaborative environments. I am determined to continue my education and contribute innovative solutions that drive growth and efficiency in organizations. I aspire to work on projects that allow me to grow professionally while adding value to my team and surroundings.

TECHNICAL SKILLS:

- Structured and Object-Oriented Programming in:
C++ / C# / JAVA
- .Net Framework
- GitHub
- MySQL
- SQL Server
- HTML, CSS, JS
